

LEIPOLDTVILLE PLAN

2017-2022

MESSAGE FROM WARD COUNCILLOR

South Africa as nation has held successful and peaceful Local Government elections on 03 August 2016. These Local Government elections were certified to have been free and fair to larger extent. This is clear demonstration of the growth of our young democracy. In accordance with the provisions of the laws that govern the affairs of the Municipality we have embarked upon a process of consultation with the local community with a view to present the IDP and budget for the period 2017-2022.

Chapter 4 of the Municipal Systems Act 32 of 2000 makes community participation in the affairs, programmes and activities of the Municipality a legal obligation. The IDP is therefore the culmination of a lengthy process of consultation with the local community. Accordingly, this IDP carries the aspirations of the masses of our community which the 2017/18 Budget must seek to finance. Therefore, this IDP must be seen as a beacon of hope that will continue to guide us over the next financial year in our collective endeavours of building a better life for all our communities. Critical to this is the question of compliance with the laws of the Republic.

For an example, before the end of May 2017 we must have presented to Council the final budget for the forthcoming financial year. In this regard, section 24 of the Municipal Finance Management Act 56 of 2003 prescribes that "the final budget must be tabled 30 days before the start of the new financial year. "We remain committed to the realization of the 5 National Key Performance Areas of municipalities, being the following:

- ▽ Good Governance and Public Participation
- ▽ Municipal Transformation and Organisational Development
- ▽ Basic Infrastructure and Service Delivery
- ▽ Local Economic Development
- ▽ Municipal Financial Viability and Management

This IDP together with its projects and implementation focus relates strongly to the capital budget. Our IDP and Budget will go a long way in improving the quality of life of our Community by broadening accessibility and alleviating poverty.

Ward Councillor - William Joseph Farmer

Ward 5 - Leipoldville

1. INTRODUCTION AND PURPOSE OF THE AREA PLAN

1.1 GENERAL

Area-based planning is an initiative that complements the IDP process by focussing and zooming in on communities. It sets out a strategy for proper planning and sustainable development of an area within the local governing body and for a specified timeframe. Communities in the sense are represented by settlements and wards. Wards are often demarcated in a way that divides areas that in reality represent coherent communities or settlements. Cederberg Municipality decided to adopt an approach that focusses on sensible geographical areas, simultaneously considering wards to facilitate that ward planning is not neglected. To achieve this a number of wards are combined for each area plan to echo the area-based approach in a practical manner.

The focus of this Area plan has been identified as Leipoldville (Ward 5). With regards to this, the approach represents the effort to address integrated planning at a sub-municipal level. The importance of the role of the ward and ward committees is addressed in the second section of each Area Plan. It also contains the community inputs and the results of the public meetings pertaining to those wards.

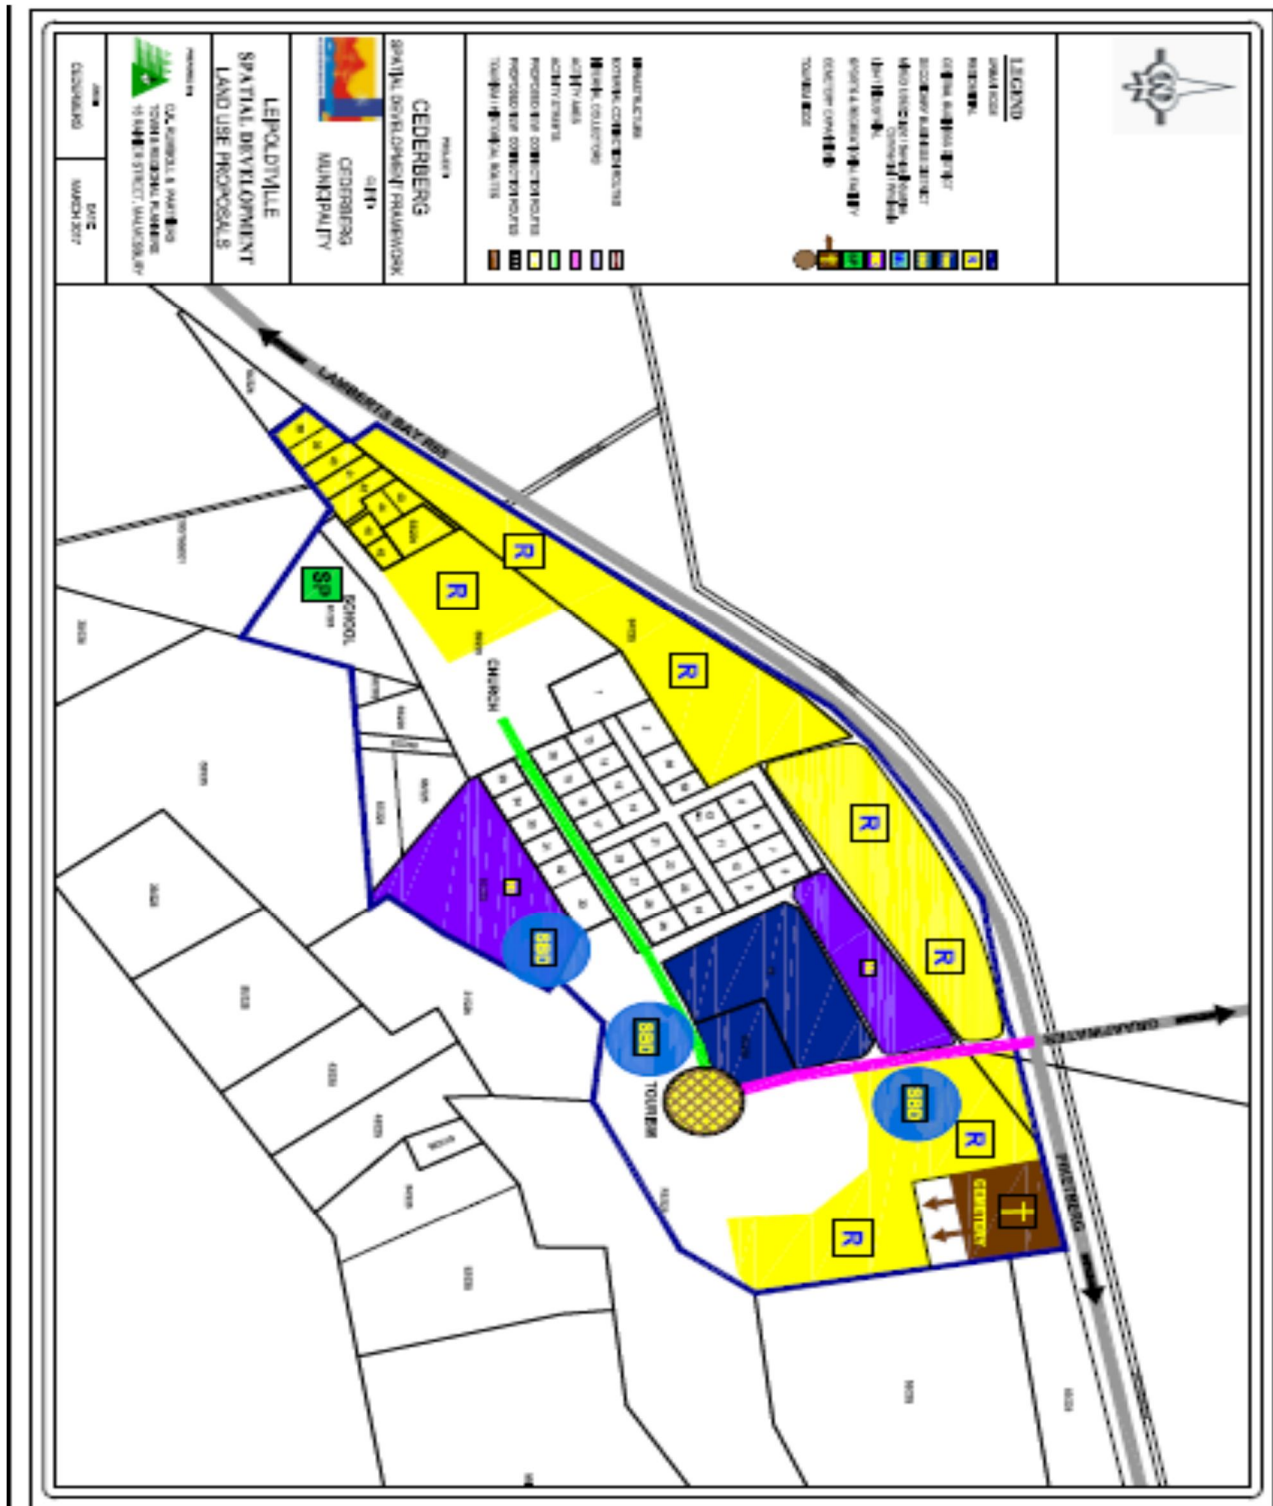

1.2. STRUCTURE OF THE DOCUMENT

As mentioned in the previous paragraph, when representing planning and community participation at local level, one has to present information per town and per ward.

This can be challenging as it interrupts the natural flow from analysis and community participation towards projects. To maintain clarity, however, everything that can be linked to a town was grouped in the town section, and everything linked to a ward approach, is presented in the ward section.

2. LEIPOLDTVILLE HISTORICAL BACKGROUND

Leipoldtville is a town in Cederberg Local Municipality in the Western Cape. The town is named after the Reverend C F Leipoldt, a Dutch Reformed minister in Clanwilliam from 1884 to 1910 and father of the Afrikaans poet C. Louis Leipoldt.
